

# WC108 : USIMless Emergency Calls

## Terms of Reference

The **WC108 : USIMless Emergency Calls** Working Committee has been established to perform an area of work identified by the Network Reference Panel (NRP). This Committee in carrying out the specific terms below is to observe the following guidelines, as appropriate:

Specifically the Working Committee is to develop a new G6nn:202Y **USIMless Emergency Calls Guideline**:

- To guide the handling of calls:
  - To Emergency Service Numbers (ESNs) 000 or 112;
  - Using a public mobile telecommunications service;
  - From Customer Equipment that is unable to detect a Universal Subscriber Identity Module (USIM); and
- Is in the format of the current Communications Alliance template;

The Working Committee is not to:

- Work on calls to ESN 106.

### **Primary deliverables**

- A new G6nn:202Y **USIMless Emergency Calls Guideline** to guide mobile network operators and the Emergency Call Person for 000 and 112 on the handling of calls from a mobile network made to Emergency Service Numbers (ESNs) 000 or 112 where the Customer Equipment is unable to detect a USIM.
